

You can help defend the faith in this age of spiritual deception!

The Problem

In recent decades, a rapid rise in various false teachings has emerged, posing a significant threat to evangelical churches and Messianic communities in North America and Europe. These teachings are not only **leading believers astray** from biblical doctrine but also **undermining their relationship with God**. This is not a distant threat but a present danger that demands our immediate attention and action.

Moreover, two specific communities are in dire need of our spiritual support: Russian-speaking believers worldwide and Hebrew-speaking believers in Israel. The Russian-speaking believers are currently facing an epidemic of doctrinal error and confusion. The Hebrew-speaking believers in Israel lack the necessary witnessing and media ministry tools to combat the pseudo-Christian cults operating in their country. Both communities, due to language barriers and socioeconomic challenges, often **lack access to trustworthy resources**. They are seeking hope and truth that can only be found in Messiah Yeshua (Jesus Christ).

The need for reliable, multilingual resources to defend biblical truth against an invasion of false doctrines and theological misconceptions is more pressing than ever. Biblical truths are being distorted, **often leaving hurting victims with nowhere to turn for answers**. Failure to address this crisis could lead to a further erosion of faith. Your role in turning the tide is not just crucial, but also empowering. **You have the power to make a difference!**

The Solution

The International Biblical Apologetics Association (IBAA) is a nonprofit, grassroots apologetics outreach ministry serving believers worldwide with resources in English, Russian, and Hebrew. In a world filled with conflicting voices, the IBAA stands out as a ministry deeply committed to truth, clarity, conviction, and unwavering fidelity to Scripture.

The IBAA fills a distinct void: it is a Bible-based, international research and training center uniquely positioned to confront modern theological drift. There is no other apologetics ministry like the IBAA. Our focus on biblical apologetics and its dissemination beyond the world of Christian academia equips believers with practical knowledge and tools that enable them to engage effectively with the world around them, empowering them to defend their faith with confidence. We aim to **train a new generation of committed faith-defenders** who will faithfully serve their communities.

Under the leadership of Dr. Igal German, a Messianic Jewish apologist and Bible scholar, the IBAA brings a rare and powerful perspective to the apologetics landscape. Dr. German's personal journey and academic credibility are woven into the heart of this ministry, offering insight, passion, and authenticity that resonate across cultures. Since 2021, we have been bringing together Messianic Jewish and evangelical leaders, organizing online apologetics workshops and conferences in both Russian and English. Our International Apologetics Declaration, translated into 18 languages, is available online at www.bibleapologist.org/declaration.

The IBAA functions as:

- **A research center:** The IBAA is grounded in deep theological expertise and careful biblical scholarship.
- **A training center:** We equip believers to defend the faith and proclaim the gospel.
- **An evangelistic ministry:** We seek to reach the lost with a clear, uncompromising message of salvation in Messiah Yeshua.

Our Target Audience

We partner with Christian pastors and churches, Messianic leaders and congregations, apologists, Bible teachers, preachers, youth pastors, evangelists, counselors, Bible colleges, seminaries, and universities that are **interested in uniting** to equip and train believers to defend and proclaim biblical truth effectively.

Our Mission

- **Teach** sound doctrine to **correct** theological misconceptions in evangelicalism and Messianic Judaism
- **Reach** Jewish communities by effectively using Messianic apologetics
- **Awaken** believers to spiritual warfare and Bible prophecy
- **Help** believers grow in spiritual discernment
- **Confront** antisemitism and racism with God's Word
- **Stand** with Israel, Messianic believers, and the persecuted church
- **Train** a new generation of committed faith defenders
- **Rescue** those entrapped in pseudo-Christian cults (e.g., Jehovah's Witnesses, Mormons, Seventh-day Adventists) with effective and compassionate outreach

Our Activities

- **Create apologetic resources**

We create and publish relevant articles, books, videos, and other outreach materials in **English, Russian, and Hebrew** that train believers to properly understand and defend their faith, conveying complex theological topics in an accessible way with an emphasis on practical application for a broad audience.

- **Teach and train believers**

We conduct online and in-person courses, seminars, and conferences on biblical apologetics. Believers have access to unique resources and can study **Scripture within the context of the biblical languages**.

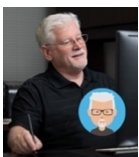

- **Consult on matters of faith and theology**

We receive questions from people struggling with doubts about theological issues or influenced by false teachings. We help them **find biblically sound, well-reasoned answers** resulting in confidence in their faith.

- **Messianic Outreach to Jews, Christians, and Cultists**

We create unique resources to help Jewish seekers understand that the New Testament doesn't contradict the Hebrew Bible—it shows how God's promises are fulfilled. This is important because **many Jews still hold strong prejudices and have been misinformed about Messiah Yeshua**. We also help believers from the nations better understand the role of the Jewish people in God's plan of salvation. Moreover, we actively reach out to individuals and families entrapped in pseudo-Christian cults.

Impact of the IBAA on a Volunteer

"After retiring, I was eager to find a ministry where I could use my 55+ years' experience as an art director. After three years volunteering for IBAA, I found a diverse and supportive community. We are a grassroots army of talented volunteers, an international caring family of Jews and Gentiles who love God's Word with a desire to train and equip believers to confront false teachings with rational, biblical reasons for their hope in Messiah Yeshua. As I serve, I am receiving a seminary-level education in biblical apologetics. I believe I'm being blessed more than I'm a blessing." — *Steve Kerr*

Endorsements

Twenty-eight respected scholars, pastors, and ministry leaders have publicly endorsed the IBAA (endorsements can be viewed on our website).

Where You Fit In

As a fellow believer in Israel's Messiah, you are invited to sign up to join in the spiritual battle for truth. Get involved with the IBAA **by supporting and participating in our unique projects**. Together, we can transform lives and make a profound, lasting impact. Visit www.bibleapologist.org to discover ways to support and participate in this mission.

Shalom and blessings,

Igal German

Dr. Igal German / Founder and CEO of IBAA and Yesod Bible Center
